Fall sports recap: Flag and XC met forecasts with participation. Tackle football and Volleyball increased with participation.

St. James HS facilities were not accessible this fall season due to construction projects. As a result CYO over utilized Pius, Rockhurst, Pembroke, St. Joe, St. Thomas Aquinas and Miega for tackle football and flag football games.

Laura presented the fall financials and they were in line with the budget and forecasts. Registration fees should remain similar for the next fall season. CYO has not raised fees profoundly, in 6 years, in any sport and they are in line with other public leagues.

CYO continues to support parish gym and field facility improvements vital to CYO operational needs both short term and long term.

The Archbishop will celebrate a CYO mass prior to a track meet at 8:00 am at Miega on 4/12/25.

Angela provided an update on Wyandotte County parishes. The closure of Christ the King School has reduced participation as students have transferred to other schools. They will hold a fundraiser to raise money for new uniforms.

Board Leadership and Committee assignments were updated.

Two vacancies remain for Johnson County: Parish Representative and Priest Representative. There is a candidate currently applying for one of the positions.
